## U.S. Women Soccer Team had Physicals at West Boca Medical Center

July 19, 2011

U.S. Women Soccer Team had physicals at West Boca Medical Center

The U.S. women's soccer team got their physicals at West Boca Medical Center on April 27, May 3 and May 4.

"Our former COO Larry Coomes was contacted by the manager of sports medicine for the United States Soccer Federation and the team was scrimmaging in West Palm Beach and looking for a local hospital," said Ryan Lieber, spokesperson.

"We provided medical assessments prior to the team traveling to West Germany. They got lab work, EKGs and Echocardiograms and were even served breakfast. Dr. Robert Ullman, a cardiologist, read the Echocardiograms. "
